

## Our products

### DESKTOP PLATFORM

modeFRONTIER

Process automation and optimization of the engineering design process

### WEB PLATFORM

VOLTA

Multidisciplinary business process optimization and enterprise simulation data management

# UTOPIAE

Uncertainty Treatment and Optimisation in Aerospace Engineering

# UTOPIÆ

Uncertainty Treatment  
and Optimisation  
in Aerospace Engineering

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 722734.
